

APPENDIX
VERSION WITH MARKINGS TO SHOW CHANGES MADE

IN THE CLAIMS:

The claims are amended as follows:

7. (amended) A benzimidazole compound represented by the following formula (II) or a salt thereof:

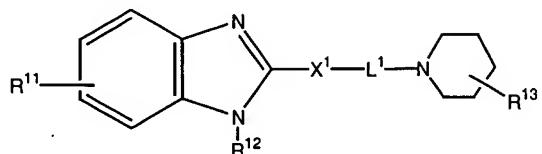

wherein, R¹¹ represents one or more functional groups on the benzene ring selected from the group consisting of a hydrogen atom, a halogen atom, a lower alkyl group, and a lower alkoxy group; R¹² represents a hydrogen atom, an alkyl group, or an acyl group; R¹³ represents one or more functional groups on the piperidine ring selected from the group consisting of a hydrogen atom, an alkyl group, a hydroxyalkyl group, an aryl group, a phenyl group which may be substituted, a hydroxyl group, an alkoxy group, an amino group, an acyl group, a cyano group, a carbamoyl group and an alkoxycarbonyl group; L¹ represents a C₄-C₈ alkylene group; and X represents O, S, or methylene group.

10. (twice amended) The compound or a salt thereof according to claim 7, wherein R¹³ is a functional group selected from the group consisting of a hydrogen atom, an alkyl group, a hydroxyalkyl group, an aryl group, a phenyl group which may be substituted, a hydroxy group, and a cyano group.

AMENDMENT UNDER 37 C.F.R. § 1.111
U.S. Appln. No. 10/019,249

21. (amended) A pharmaceutical composition comprising a compound represented by the following formula (II)

wherein, R¹¹ represents one or more functional groups on the benzene ring selected from the group consisting of a hydrogen atom, a halogen atom, a lower alkyl group, and a lower alkoxy group; R¹² represents a hydrogen atom, an alkyl group, or an acyl group; R¹³ represents one or more functional groups on the piperidine ring selected from the group consisting of a hydrogen atom, an alkyl group, a hydroxyl group, an aryl group, a phenyl group which may be substituted, a hydroxyl group, an alkoxy group, an amino group, an acyl group, a cyano group, a carbamoyl group and an alkoxy carbonyl group; L¹ represents a C₄-C₈ alkylene group; and X represents O, S, or methylene group, or a physiologically acceptable salt thereof as an active ingredient, and a pharmaceutical additive.
